ULTRA SLIM

A range with modern and ultra-slim tail lights in several designs. Clear lens, colored lens, with 3 functions or 5 functions – all fully E-approved. All the tail lights have a D class certification that enables to mount them as a unit on the vehicle, two lamps per side. Because of the very efficient LED, they can last longer and

consume little energy. Another advantage is the universal voltage suitable for vehicles and trailers with 12V and 24V electrics. Made of the highest quality materials, the lamps are weather and mechanical damage proof.

Part No. 800744
TAIL LIGHT 3 FUNCTIONS LED

Voltage	12-24V DC
Functions	Tail, brake, indicator
IP-class	IP66/IP68
Diameter	140mm
Depth	25mm
CC	45mm
Cable length	2000mm
E-approved	ECE R6, R7
EMC-certificate	ECE R10
